

Bob  
(LLM)

“Hi, Alice. I  
*found 3 target objects  
in the living room,*  
I remember  
**you were holding an  
empty container,**  
can you come here to  
pick them up while I  
go to explore other  
rooms?””

Alice  
(Human/AI)

“OK, thanks for your  
information, I'll go to  
transport them.”
